Performance and Exhibition Animal Vendors Must Obtain an Operating License.

**A fine of NT30000-NT150000 will be
issued to anyone who keeps animals
for performances or exhibition
purposes without a license.**

Leisure farms, zoos, petting zoo style restaurants, and other amusement parks where animals are kept are all required by this law to obtain a license.

If you know of any establishment operating without a license, please contact Taiwan SPCA. Let's work together to make a better Taiwan for both people and animals.
