Do Not Cage or Tie Up Your Pet for Long Periods of Time. It Can Cause Serious Health, Behavior, and Psychological Problems

A fine of **NT\$15,000- \$75,000** can be fined to owners who allow the animals he keeps to suffer from malignant or unnecessary harassment, maltreatment, or harm.

Pets need regular exercise, which in most cases means that they need access to the outdoors. For dogs, that means three walks a day so that all their energy can be released! Tying them up all day creates lots of stress for dogs which can cause bad behavior, aggressiveness and they can become dangerous to people. It is also not humane for a dog to be locked up every single day.

If you see this happening, please contact us with information so we can stop animal abuse in Taiwan!

Let's work together to make a better Taiwan for both people and animals!
